

# Installation Instruction

Linear Highbay

Applicable models:  
**SSL-LHB6**

## SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product. Failure to do so could lead to electric shock, fire or other injuries that could be hazardous or even fatal.

- Be sure the electricity to the wires you are working on is shut off. Either remove the fuse or turn off the circuit breaker.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This product must be installed in accordance with local, state and national electrical codes.
- Installation work shall be completed by a licensed installer that is familiar with the construction and operations of the product.

### CAUTION:

- This product contains 1-10v low-voltage DC dimming lines, connect the purple and pink wires only to a suitable low voltage dimming system. Connecting these dimming leads to AC line voltage will damage the driver and cause the unit to fail.

## SAFETY INFORMATION

### NOTICE

This device complies with Part 15 of the FCC rules. (1) This device may not cause harmful interference received, including interference that may cause. This equipment has been tested and found to be in accordance with part 15 of the FCC Rules. These limits are designed to prevent harmful interference in a residential installation.
