Full IES File Available on Request

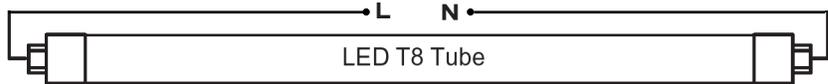

LED T8 Tube V9  
T48T8-15W-xxK-V9

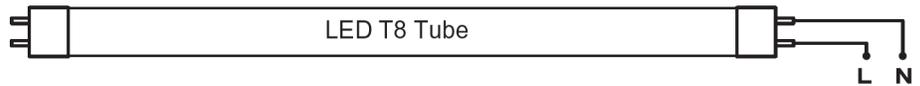

#### INSTALLATION

1. Turn off the power to the light fixture at the breaker panel before installation.
2. Open the diffuser from the light fixture.
3. Remove the fluorescent tubes and the ballast. Please dispose of these items properly as they contain mercury.
4. Put Led tubes into the lighting fixture.
5. Install the LED tubes, close the diffuser.

Make the electrical connections on both sides.

Make the electrical connections on one side. Pay attention to the label on the tube which marks clearly which end is short-circuit.
