Wall Pack Full Cutoff Adjustable 40-30-20W 120-347V 3000-4000-5000K

The Speclite Full Cutoff Wall Pack is a robust and versatile outdoor lighting solution, ideal for the most demanding outdoor environments. Available in two versions, a fixed 20W model and an adjustable 80W model, which can be set down to 20W, it perfectly adapts to the specific needs of each project. Its color temperature (CCT: 3000K, 4000K, 5000K) and lighting angle are also adjustable, offering optimal flexibility during installation. Made from cast aluminum, this wall pack is resistant to corrosion and impacts, ensuring exceptional durability. Additionally, it is equipped with an integrated photocell that automatically adjusts the lighting based on ambient brightness, optimizing energy efficiency. The Speclite wall pack guarantees reliable and long-lasting performance.

CARACTERISTICS

- Full Cutoff Design: Completely eliminates light pollution, providing targeted and optimal outdoor lighting. Compliant with "Dark Sky" requirements.
- Integrated photocell: Automates lighting based on ambient light, ensuring activation from dusk to dawn.
- High-end minimalist aesthetics: Sleek design that seamlessly integrates with any type of architectural project.
- DLC Premium Certified: Ensures maximum eligibility for subsidies while providing durable and reliable performance.
