Emergency Light running man ABS 120-347V 120 mins

Speclite Emergency Light Running Man, made of sturdy thermoplastic ABS, combines lightweight design with impact resistance for reliable safety signage. Certified for commercial and industrial environments, it operates on a voltage range of 120V to 347V, making it compatible with a wide variety of electrical systems. It can be easily installed on walls or ceilings, offering installation flexibility. This model is equipped with a NiCad battery that ensures 120 minutes of autonomy, providing continuous visibility through its dual directional head lighting. The clearly visible 'Running Man' icon offers optimal guidance towards emergency exits, even in the event of a power outage.

CARACTERISTICS

- Emergency Lighting: Integrated battery providing 120 minutes of runtime during a power outage.
- Multiple Output Indicators: 3 pictograms to represent different directions, addressing all needs.
- 2 Omnidirectional Swivel Lights of 1W: Ensures improved coverage for emergency lighting.
- Versatile Installation: Wall, ceiling, or side mounting options available. Electrical wires for wall socket connection sold separately.
