Emergency Light running man steel 120-347V 90 mins

Speclite Emergency Light Running Man, made from robust steel, is designed to withstand the most demanding environments. Equipped with a NiCad battery, it provides 90 minutes of autonomy with the spotlights and up to 120 minutes without them. This versatile model includes two sets of wires: one for a 120-347V power supply and another for a low-voltage supply of 6-24V, making it adaptable to various installations. It can be wall or ceiling mounted and comes with multiple pictograms for clear signage.

CARACTERISTICS

- Emergency Lighting: Integrated battery with a runtime of 90 to 120 minutes depending on usage.
- Dual Power Supply: Compatible with voltages of 120-347V and 6-24V for maximum flexibility.
- Multiple Output Indicators: 3 pictograms to represent different directions, meeting all needs.
- Versatile Installation: Wall, ceiling, or side mounting options available. Electrical wires for wall socket connection sold separately.
