

8800 PROFILE

8000 Series

Cross-section dimensions:

The 8800 is an aluminum channel designed to provide a bold linear line of light. Select from a wide array of optics, light outputs, and LED options to meet the needs of your project. This aluminum channel can be suspended, surface mounted, or recessed permitting a vast number of applications with this linear lighting solution.

FEATURES

- Hardware specially developed to allow you to rotate the luminaire and guide the light source according to the circumstances.
- Can be used with a concave diffuser designed to hide the light source while maintaining the profile to the foreground.
- The combination of various lenses will offer a lighting distribution customized to your needs.
- Straight and clean lines will give a modern look to your decor.
- Optics available: Prime, Optiflex, Concave & Black lens.

OPTIONS

LED ENGINE COMPATIBILITY

Compatible with LED engines and PCBs up to **33mm** wide.

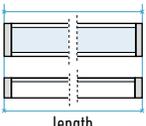

WEIGHT

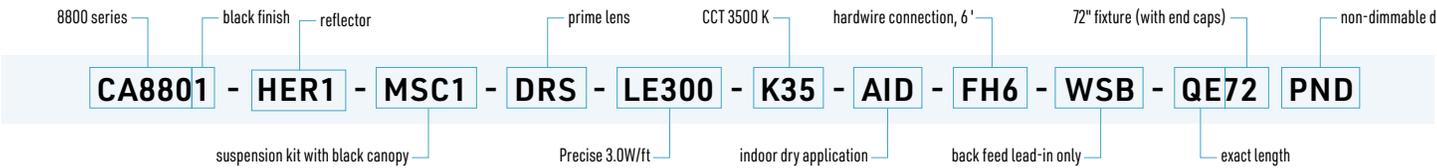

0.563 lbs/ft, 0.8378 kg/m, without lenses.
