Vapor Tight 56W 120-347V 5000K

The Speclite waterproof luminaire is the ultimate solution for applications requiring steam- and water-resistant lighting. Perfectly suited to agricultural environments and buildings where these elements are ubiquitous, this IP66 luminaire offers reliable protection and exceptional durability, while ensuring enhanced energy efficiency. Designed for easy, flexible installation thanks to its three large brackets, the Vapor Tight features a polycarbonate lens with integrated suspension cable, and the diode insert is pre-assembled for easy installation and maintenance. Compatible with a 0-10V dimmer, this luminaire can be dimmed up to 10%, giving you precise lighting control. DLC Premium certified, it maximizes subsidies, making it both a cost-effective and practical solution for modernizing your lighting systems while reducing operating and maintenance costs.

CARACTERISTICS

- IP66 rating along with NEMA 4X certification: Resistant to water and steam, ideal for the most demanding and corrosive agricultural environments.
- Simplified installation: Equipped with three wide bracket spaces and a polycarbonate lens with an integrated suspension cable for easy setup.
- 0-10V dimming: Allows brightness reduction down to 10% for precise lighting control based on needs.
- DLC Premium Certified: Maximize your subsidies while reducing operating and maintenance costs through optimal energy efficiency.
